how do policymakers businesses and civil society in india approach the challenge of climate change what do they believe global climate negotiations will achieve and how and how are indian political and policy debates internalizing climate change relatively little is known globally about internal climate debate in emerging industrializing countries but what happens in rapidly growing economies like india s will increasingly shape global climate change outcomes this handbook brings together prominent voices from india including policymakers politicians business leaders civil society activists and academics to build a composite picture of contemporary indian climate politics and policy one section lays out the range of positions and substantive issues that shape indian views on global climate negotiations another delves into national politics around climate change a third looks at how climate change is beginning to be internalized in sectoral policy discussions over energy urbanization water and forests the volume is introduced by an essay that lays out the critical issues shaping climate politics in india and its implications for global politics the papers show that within india climate change is approached primarily as a developmental challenge and is marked by efforts to explore how multiple objectives of development equity and climate mitigation can simultaneously be met in addition indian perspectives on climate negotiations are in a state of flux considerations of equity across countries and a focus on the primary responsibility for action of wealthy countries continue to be central but there are growing voices of concern on the impacts of climate change on india how domestic debates over climate governance are resolved in the coming years and the evolution of india s global negotiation stance are likely to be important inputs toward creating shared understandings across countries in the years ahead and identify ways forward this volume on the indian experience with climate change and development is a valuable contribution to both purposes

the balance of power in south asia is tenuous neighbouring states with nuclear arsenal pose a serious threat in times of conflict and the danger of escalation into a nuclear holocaust in south are ever present this book locates the change in india s war doctrine at the turn of the century following the kargil war in 1999 between india and pakistan it examines how war policy was shaped by the threat posed by india s neighbours and the need for greater strategic assertion it also reveals that this change was forced by the military s need to adapt itself to the nuclear age finally it raises questions of whether the limited war doctrine has made india more secure an astute analysis of not only india s military strategy but also of military doctrine in general this book will be valuable to scholars and researchers of defence and strategic studies international relations peace and conflict studies south asia studies as well as government and military institutions

professor vs camapigner confirming policy politics in india is an illuminating treatise that explores the evolving interplay between scholarly ideals and pragmatic political strategies in the realm of indian governance this profound work delves into the distinct yet interconnected worlds of academic theorists who advocate for policy rooted in rigorous research and political campaigners who emphasize the importance of populist approaches grounded in immediate practical needs through incisive case studies and analysis of contemporary policy discourse the book unveils how policy is forged not merely through academic insight but tempered by the urgency and complexity of political realities it thoughtfully navigates the delicate balance between intellectual aspiration and electoral demands illustrating how these forces though seemingly at odds must coexist to address india s unique socio political challenges professor vs campaigner thus serves as a rich discourse on the nature of indian policymaking providing

readers with a discerning lens into how policies are shaped through a dynamic synthesis of high theory and political necessity this book stands as an essential contribution to understanding how governance and development in india are molded by the constant negotiation between lofty ideals and the pragmatism of lived experience

vols for 1828 1934 contain the proceedings at large of the american board of commissioners for foreign missions
