although there is constant conflict over its meanings and limits political freedom itself is considered a fundamental and universal value throughout the modern world for most of human history however this was not the case in this book kurt raaflaub asks the essential question when why and under what circumstances did the concept of freedom originate to find out raaflaub analyses ancient greek texts from homer to thucydides in their social and political contexts archaic greece he concludes had little use for the idea of political freedom the concept arose instead during the great confrontation between greeks and persians in the early fifth century bce raaflaub then examines the relationship of freedom with other concepts such as equality citizenship and law and pursues subsequent uses of the idea often paradoxically as a tool of domination propaganda and ideology raaflaub s book thus illuminates both the history of ancient greek society and the evolution of one of humankind s most important values and will be of great interest to anyone who wants to understand the conceptual fabric that still shapes our world views

peter c hodgson explores hegel s bold vision of history as the progress of the consciousness of freedom following an introductory chapter on the textual sources the key categories and the modes of writing history that hegel distinguishes hodgson presents a new interpretation of hegel s conception of freedom freedom is not simply a human production but takes shape through the interweaving of the divine idea and human passions and such freedom defines the purpose of historical events in the midst of apparent chaos

freedom is also a process that unfolds through stages of historical cultural development and is oriented to an end that occurs within history the kingdom of freedom the purpose and the process of history are tragic however because history is also a slaughterhouse that shatters even the finest human creations and requires a constant rebuilding hegel s god is not a supreme being or large entity but the true infinite that encompasses the finite history manifests the rule of god providence and it functions as the justification of god theodicy but the god who rules in and is justified by history is a crucified god who takes the suffering anguish and evil of the world into and upon godself accomplishing reconciliation in the midst of ongoing estrangement and inescapable death shapes of freedom addresses these themes in the context of present day questions about what they mean and whether they still have validity

this volume of essays is an important introduction to the thought of one of the twentieth century s most significant yet underappreciated philosophers richard mckeeon the originator of philosophical pluralism mckeeon made extraordinary contributions to philosophy to international relations and to theory formation in the communication arts aesthetics the organization of knowledge and the practical sciences this collection which includes a philosophical autobiography as well as the out of print title essay freedom and history and a previously unpublished essay on philosophic semantics and philosophic inquiry is a testimony to the range and systematic power of mckeeon s thinking for the social sciences and the humanities
