studying jihadism is an endeavor facing several problems for many researchers and the  
 reading public it is difficult to accept that jihadists do have a theology of their own and not  
 some kind of ideology understanding that a phenomenon of communication that is done to  
 a large extent in arabic is not to be understood if research is done communication  
 translated into or written in english saying it is al out there in the internet without  
 understanding internet communication will help to understand terrorist phenomena like  
 jihadism ignoring that there is jihadism is and al qa ida will guarantee that research will not  
 be able to see the broad range of jihadism last but not least research not interested in the  
 technologies practices etc jihadists use to commit terrorist attacks cannot claim to study  
 jihadism the contributions in this book provide knowledge in all these fields based on arabic  
 language sources theological aspects internet communication groups usually ignored the  
 role of infographics technical aspects and covert and intelligence actions
