the great mathematician esotericist and freemason arturo reghini holds the undisputed credit for being the first intellectual of the 20th century to affirm the clear estrangement of christian doctrine from the context of the purest and most genuine western tradition and he did so in a way that authors of the caliber of julius evola and

renouveau could not the latter in particular fundamentally considered the west to be by then inevitably decadent and irrecoverable and increasingly turned his gaze towards the east and eastern traditions meanwhile evola soon abandoned the idea of a great and strong hellenic roman and mediterranean initiatic tradition arriving instead on the misty shores of a fallacious racist nordic centric view that scorned all things mediterranean and all hellenic spirit this is the same evola who questioned the gradualistic continuity between the lesser and greater mysteries and vehemently denied the exquisitely etruscan origin of roman spirituality and religiosity claiming that a supposed aryan progeny virile and solar hailing from none other than the north pole had founded rome sweeping away the lunar and matriarchal human sludge

intended for both general readers and students peter riesenberg s instructive book surveys western ideas of citizenship from greek antiquity to the french revolution it is striking to observe the persistence of important civic ideals and institutions over a period of 2 500 years and to learn how those ideals and institutions traveled over space and time from the ancient mediterranean to early modern france england and america

two semester telecourse on western civilization built around the classroom lectures of eugen weber author historian and professor at ucla weber s dynamic lectures survey developments in politics economics industry agriculture art philosophy and daily life from ancient egypt to our own time

present a strong clear narrative account of the central developments in western history the book calls attention to certain critical themes the development of political freedom and constitutional government the shifting relations among religion society and the state the development of science and technology and their impact on thought and social institutions and the major religious and intellectual currents that have shaped western culture

the author explores what the bible and other early religious texts have to say about homosexuality

the western tradition 5 e offers carefully selected documents reflecting the social political economic cultural and religious development of western civilization volume i spans the rise of western civilization from egypt and mesopotamia to the seventeenth century volume ii commences with the renaissance and reformation and it culminates with the end of the cold war and the rise of new nationalist movements
