in 1511 a portuguese expedition under the command of afonso de albuquerque arrived on the shores of malacca taking control of the prosperous malayan port city after a swift military campaign portugal a peripheral but then technologically advanced country in southwestern europe since the latter fifteenth century had been in the process of establishing solid outposts all along asia s litoral in order to participate in the most active and profitable maritime trading routes of the day as it turned out the portuguese presence and influence in the malayan peninsula and elsewhere in continental and insular asia expanded far beyond the sphere of commerce and extended over time well into the twenty first century five hundred years later a conference held in singapore brought together a large group of scholars from widely different national academic and disciplinary contexts to analyse and discuss the intricate consequences of portuguese interactions in asia over the longue duree the result of these discussions is a stimulating set of case studies that as a rule combine original archival and or field research with innovative historiographical perspectives luso asian communities real and imagined and luso asian heritage material and symbolic are studied with depth and insight the range of thematic chronological and geographic areas covered in these proceeding is truly remarkable showing not only the extraordinary relevance of revisiting luso asian interactions in the longer term but also the surprising dynamism within an area of studies which seemed on the verge of exhaustion after all archives from all over the world from rio de janeiro to london from lisbon to rome and from goa to macao might still hold some secrets on the subject of luso asian relations when duly explored by resourceful scholars rui m loureiro centro de historia de alem mar lisbon

five hundred years later a conference held in singapore brought together a large group of scholars from widely different national academic and disciplinary contexts to analyse and discuss the intricate consequences of portuguese interactions in asia over the longue duree the result of these discussions is a stimulating set of case studies that as a rule combine original archival and or field research with innovative historiographical perspectives luso asian communities real and imagined and luso asian heritage material and symbolic are studied with depth and insight the range of thematic chronological and geographic areas covered in these proceeding is truly remarkable showing not only the extraordinary relevance of revisiting luso asian interactions in the longer term but also the surprising dynamism within an area of studies which seemed on the verge of exhaustion after all archives from all over the world from rio de janeiro to london from lisbon to rome and from goa to macao might still hold some secrets on the subject of luso asian relations when duly explored by resourceful scholars

given the important role that the portuguese played in the persian gulf from 1507 to 1720 knowing what is available about their activities in this area is not only of importance to those interested in the history of portugal but also of those interested in the history of bahrein iran iraq oman qatar eastern saudi arabia and the united arab emirates this bibliography of printed published works therefore contains a full list of primary and secondary sources not only in western

languages but also in persian arabic and turkish it aims to facilitate the work of scholars and students but also of the non specialist i e those among the general public who want to know more about this part of the world during the sixteenth and seventeenth centuries and about the activities of the portuguese although other bibliographies exist that include the activities of the portuguese in the persian gulf all are in need of updating and none are as comprehensive as this bibliography

during the early modern period the brotherhoods of misericórdia were established not only in the overseas territories ruled by the portuguese but also beyond their empire reaching as far as the philippines and japan the twelve chapters of this book examine this expansion by discussing different dimensions of the misericórdias such as administration politics charitable practices finances and forms of discrimination related to social status gender and race filling a critical gap in anglophone scholarship on the portuguese misericórdias this work s previous absence has been criticized by scholars who believe the misericórdias are crucial to understanding the past and present of portuguese communities both at home and abroad contributors are inês amorim josé pedro paiva lisbeth rodrigues sara pinto juan o mesquida rômulo ehalt joana balsa de pinho andrea durães maria antónia lopes luciana gandelman isabel dos guimarães sá and renato franco

in 2004 a conference was held at king s college london to commemorate the centenary of the birth of charles boxer the theme of the conference was the development of the culturally mixed portuguese societies in asia africa and america which reflected boxer s own interest in the social history of portugal s overseas empire although the conference papers were published by bristol university this volume is long out of print and the outstanding quality of many of the contributions has made it necessary for this collection to be republished portuguese overseas expansion over a period of five centuries led to the formation of many mixed or creole communities which drew culturally not only on portugal but also on indigenous societies this cross cultural interaction gave rise to a creole portuguese identity that in many cases outlasted the formal empire itself reflecting upon the main tenets of boxer s work this collection provides a broad geographical perspective upon areas of portuguese presence in guinea cape verde angola são tomé brazil and goa the chapters cover a wide range of social strata including plantation slave and maroon communities private settler traders and pirates indigenous trade diasporas and luso african luso brazilian and afro brazilian groups as well as the formation of creole elites against the background of shifting racial gender ethnic linguistic and religious boundaries as such this collection represents an exercise in subaltern history which shows that the informal social relations were often more important in the long term than the formal structures of empire
