coping with the future has been written in response to widespread international awareness that the future is not predictable in political and economic terms we are in unknown territory with daily developments around brexit and the trump presidency and kodak moments in business on the other hand business leaders demand certainty which is not available this book redefines the nature of modern business in contrast to recent trends it has a focus on human centred manufacturing and on decision making which goes beyond a focus on short term profit the liberal capitalism of the usa and the uk is not the only current variety of capitalism business is not just about managers but requires participation and engagement by workers since the financial crash of 2008 there has been much talk about the need for fresh approaches to business but little has changed this book pulls together current research and practice and poses new questions based on case studies there is no one simple best way but an uncertain future can be addressed drawing on diverse past experience and cases the book addresses an intended audience in business and universities including business schools around the world the debate takes a broader approach involving research in the social sciences and approaches from philosophy the world has always been unpredictable but we have allowed ourselves to be comforted by convenient myths it is time to wake up

there are an infinite number of possible futures that lie ahead of us like threads stretching out into the distance rob hopkins cofounder of the international transition network movement invites us to travel to future worlds we would actually want to live in no one makes environmental optimism more credible or compelling than rob hopkins read this and don't weep hugh fearnley whittingstall chef and campaigner in 2020 when the covid 19 pandemic disrupted every aspect of daily life climate activist and transition network cofounder rob hopkins responded the way a lot of people did by starting a podcast but it wasn't any ordinary podcast in each episode hopkins and his guests would time travel together to the year 2030 walking down imagined future streets talking with imagined future neighbors visiting imagined future local businesses while hopkins's guests came from all walks of life economists politicians bakers comedians novelists and more they all shared a willingness to suspend their worries about the future long enough to mentally inhabit and then describe a world they were thrilled to be a part of what hopkins discovered was no less profound this simple exercise of visiting a positive future forced him to rethink the work he'd been doing as a climate activist for decades how to fall in love with the future is the result of that radical disruption and hopkins's deep dive into the people and movements throughout history who have used visions of the future to inspire positive change on a large and dramatic scale from the life and writings of musician sun ra and the history of black utopian movements to the latest neuroscience on what goes on in our minds and hearts when we time travel hopkins brings essential new thinking to anyone overwhelmed with dread and anxiety for the future he asks us to consider what would the world look like if we all got to work imagining and then building a world we were deeply in love with rob hopkins is one of the world's great optimists he really

believes that things can get better and when be s around they usually do this book will lift your spirits and give you hope brian eno musician producer and artist rob hopkins puts imagination back at the heart of future dreaming offering us an irresistible invitation to dream bigger and then make those dreams a reality kate raworth author of doughnut economics
