the authors are proud sponsors of the sage keith roberts teaching innovations award enabling graduate students and early career faculty to attend the annual asa pre conference teaching and learning workshop modern sociological theory gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology s 19th century origins through

the mid 20th century written by an author team that includes one of the leading contemporary thinkers the text integrates key theories with with biographical sketches of theorists placing them in historical and intellectual context

this revised edition of pip jones s extremely popular introduction to social theory now benefiting from the collaboration of shaun le boutillier and liz bradbury has been carefully and thoroughly updated with the latest developments in this continually changing field written in a refreshingly lucid and engaging style introducing social theory provides readers with a wide ranging well organized and thematic introduction to all the major thinkers issues and debates in classical and contemporary social theory introducing social theory traces the development of social theorizing from the classical ideas about modernity of durkheim marx and weber right up to a uniquely accessible review of contemporary theoretical controversies in sociology surrounding post modernity and reflexive sociology with great clarity the authors explain the ideas of seminal thinkers such as foucault bauman habermas beck bourdieu and giddens as well as paying increased attention to other important contributions from theorists such as margaret archer fredric jameson and george ritzer introducing social theory is the ideal textbook for students at all levels taking courses in sociology from a level students to undergraduates who are looking to engage with social theory remarkably easy to follow and understand the new edition lives up to its predecessor s goal that students need never be intimidated by social theory again

social theory is a crucial resource for the social sciences it provides rich insights into how human beings think and act and how contemporary social life is constructed but often the key ideas of social theorists are expressed in highly technical and difficult language that can hide more than it reveals the new edition of this popular book continues to cut to the core of what social theory is about covering key themes from the classical thinkers onwards including marxism post structuralism phenomenology feminism and more the second edition features a new chapter on actor network theory and enhanced discussion of postcolonial theory wide ranging in scope and coverage the book is concise in presentation and free from jargon showing why social theory matters and why it is of far reaching social and political importance the book is ideal for readers

seeking a clear crisp mapping of a complex but very rewarding area

sociological theory is an attempt to trace the development of sociological theory from the classical to the modern period a comprehensive and balanced introduction it studies all the important thinkers chronologically so that the students can locate the continuity as well as the discontinuity of thoughts and themes a concise formative background of every thinker is outlined in the text to entice the reader to take a deeper plunge into the theories the introductory chapter tries to sketch the broad outlines of the classical sociological theories whereas the concluding chapter examines the thematic shifts and the inter linkage between all the theories from the classical to contemporary period all chapters are pedagogically rich with glossary keywords and discussion points the language is lucid and comprehensible and the treatment of the text is such that it develops an appreciation for the subject

there are many differences of opinion between sociologists about how best to investigate social issues and about the quality of the answers that different questions produce this book looks at a range of sociological theories from the last two hundred years taking a thematic approach that helps students to better integrate the material and to understand the significance of the individual theorists with illustrations from the work of john stuart mill emile durkheim talcott parsons karl marx karl mannheim michel foucault anthony giddens and erving goffman this book provides an accessible and comprehensive guide for introductory students of sociology and social theory

this is a newly revised and thoroughly edited fourth edition of a college level textbook in sociological theory the book presents and introductory level description of many of the central sociological theories both past and present from durkheim s theorizing to critical race and gender theories from symbolic interactionism to exchange theories from weber to postmodernism it is written in an engaging informal conversational and accessible style in which complex ideas are presented in a simple and straightforward manner making difficult ideas rather easy to understand the author also adds commentary and criticisms in select chapters covering controversial and dated theories such as those of parsons structural functionalism critical race and gender theories

and postmodernism in this new fourth edition of sociological theory LeVelle has updated and rearranged several chapters a newly revised and expanded introduction is included which critically relates abstract theories to contemporary American political and cultural realities the chapter on Tocqueville has been significantly updated and expanded and the sections on conflict theories Marxist theories including the Frankfurt School and structural functionalism have all been rearranged and moved into different chapters from where they were in earlier editions

Combining carefully chosen primary quotes with extensive discussion and everyday illustrative examples this book provides an in-depth introduction to classical and contemporary theory uses a wide range of newspaper examples to illustrate the relevance to sociological theory contains excerpts from theorists' primary texts includes chapter-specific glossaries of all theoretical concepts discussed in the book short biographies and historical timelines of significant events provide context to various theorists' ideas incorporates a range of pedagogical features supporting website includes multiple choice and essay questions powerpoint slides a quotation bank and other background materials visit wiley.com/go/dillon for additional student and instructor resources

Now available for the first time in both print and e-book formats *Sociological Theory in the Classical Era* Fourth Edition is an innovative text reader for courses in classical theory it introduces students to important original works by sociology's key classical theorists while providing a thorough framework for understanding these challenging readings for each theorist the editors supply a biographical sketch discuss intellectual influences and core ideas and offer contemporary applications of those ideas in addition to the seven major theorists covered the book also connects their work to significant others writers and thinkers who may have derived much of their own perspectives from Marx Durkheim Weber Gilman Simmel Du Bois and Mead included with this title the password-protected instructor resource site formally known as Sage Edge offers access to all text-specific resources including a test bank and editable chapter-specific powerpoint slides

The *Handbook of Social Theory* presents an authoritative and panoramic critical survey of the

development achievement and prospects of social theory

who makes up the canon of sociology and who doesn't does sociology need a canon in the first place offers an innovative and passionate contribution to debates on the history and development of sociology and the exclusion of theorists who are female black or both from the mainstream of social theorizing with compelling biographical sketches bringing the dynamics behind the canon to life kate reed focuses sharp analysis on the exclusion of theorists on race and gender from important debates on inequality

this fully updated edition of kenneth allan's acclaimed social theory text emphasizes the diversity of classical and contemporary theory critical thinking and the importance of historical context chosen for the diversity of their perspectives and their suitability for introducing students to contemporary social thought a wide variety of theorists appear in the text with their individual voices vividly intact the author engages students in the historic and contemporary changes that have spawned diverse social theories and invites them to see theory as an element within a broader range of critical thinking skills that can be applied to current social problems contributor to the sage teaching innovations and professional development award

written in a conversational style that conveys the author's enthusiasm for theory this updated edition of kenneth allan's acclaimed text appeals to the reader to consider the theoretical you as an individual in 21st century society this book introduces students to an array of social theories each presented from the perspectives of these well-known theorists peter blau janet saltzman chafetz george homans jean baudrillard michel foucault talcott parsons herbert blumer harold garfinkel dorothy e smith pierre bourdieu anthony giddens immanuel wallerstein judith butler erving goffman william julius wilson manuel castells jürgen habermas cornel west filled with examples drawn from daily life this edition highlights diversity in contemporary society exploring theories of race gender and sexuality that address today's most important social concerns students will learn to think theoretically and apply theory to their own lives

rather than a work of theory itself explorations in classical sociological theory seeing the social world is an insightful work that invites students to think creatively reflexively and critically about their social worlds written in a conversational tone that lifts the veil of theoretical jargon explorations in classical sociological theory introduces students to the major classical theorists including marx spencer durkheim weber simmel mead schutz gilman and du bois this text focuses on the individual perspective of each theorist rather than schools of thought and uses the provocative ideas of modernity and postmodernity to help students understand how the theoretical historical perspectives apply to their own time period

a generous set of readings taken from marx weber and durkheim deliberately lengthy to impart a full understanding of the text are the basis of this reader that is aimed at 1st and 2nd year undergraduate students of sociological theory and social theory

what can sociological theory tell us about the basic forces that shape our world emwith clarity and authority leading theorist jonathan h turner seeks to answer this question through a brief yet in depth examination of twelve major sociological theories readers are given an opportunity to explore the foundational premise of each theory and key elements that make it distinctive the book draws on biographical background analysis of important works historical influences and other critical insights to help readers make the important connections between these monumental sociological theories and the social world in which we live this concise resource is a perfect complement to any course that seeks to examine both classic and contemporary sociological theory
